On 01-09-09 the writer received a note left on my desk from April Smith left there by Cpt. B. Wittig. The note stated that April Smith's cellmate Jamie Lam might have some useful information because she had just gone over to court with her (copy of letter attached).

The writer had Jamie Lam brought to the investigator's office of the Rockingham County Sheriff's Office. Upon speaking with Jamie she stated that she knew who Donna Hockman was but had never spoken with her. They were both taken to Circuit Court last week and she stated that Donna and she were put in the same holding cell while waiting for court. What type of person would you describe Donna to be? Very cold, empty and a person with NO remorse. What did Donna tell you? She stated that Donna has an EXTREME amount of hate for the girls in jail that are talking. She stated that she made the comment. "You know what they say about snitches, they have stitches and lying in ditches". Jamie stated that she was scared at that point because of the way Donna said it. She felt like Donna was insinuating that statement towards those girls in the jail that are talking. Did she say she was going to do something or verbally threaten them? No, but that is what it felt like she was doing. She advised that there were going to be TV camera's in the court room and that everybody would know who they were all the drug dealers and other people outside. Jamie advised that all this occurred before either one went to court and that she seemed to her to be MORE pissed off about the snitches in the jail then shooting anybody or trial. Jamie stated Donna told her, she told them the truth and now they are stretching it.
